As you are aware our Summer Fete is our biggest event and we would like this year to be our best one yet!

This is where you come in!!! To do this we need your help and we would really like as many helpers as possible. Even if you are only able to help with the set-up, with clearing away or for an hour on the day, it all makes a huge difference to us and to the running of the event on the day.

If you, your friends or family can spare any time for this event please see one of the FOLS team members. Thank you
